NEET

ACADEMIC

FOUNDATION

Bansal understands that different people learn in different ways, so classes are taught on various levels. And an analysis of each individual helps determine which of those approaches will be the most useful for each individual student

Because of its experience in the school and its understanding of when exams will be coming up, topics of discussion for tutoring classes will be planned and the students can be encouraged to keep their studies on a more even track. The focus is on prevention of problems so that last minute cramming is kept to a minimum.

Finally the services offered by the company are differentiated from competitors by the quality of Bansal's teaching standard. Moreover there will be personalised attention and focus on the specific needs of individual students.

Gaurav Gupta
C.E.O.

Education has been a game-changer for the current status of Indian society and will set up its many generations to come on the path of success, fame and prosperity. Without education there would be no Sundar Pichai (CEO of Google) or Satya Nadella (CEO of Microsoft) or countless other successful Indians everywhere in the world.

I am an ex-IITian and I can assure all of you that going to IIT has changed my life in ways that most of you can't even imagine at the present moment. The power of good education cannot be measured but its impact is life changing, not only for students who go through it but also for their families and loved ones. At Bansal Learning, we believe that mastering entrance examinations is 90% practice and persistence. We believe that every student is bright and can achieve more than he thinks he can. A regular, well-directed curriculum along with systematic in-classroom education can elevate any student to the pinnacle of success, irrespective of their socio-economic standing or their educational pedigree. But it must also be said that without a regular and focused study plan, even the brightest of students can falter at these entrance examinations.

To sum it up, our approach is simple. Our training will ensure that they will always over-achieve and never under-achieve in the most important examinations of their lives.

Dr. Madhu Gupta
M.D.

Dr Gupta, our Managing Director, has a long and successful history of delivering quality education to students and their families. Her philosophy that "education is the greatest equalizer" leads her to dedicate her time to the field. She is the leader of our institute and keeps everyone accountable and motivated to deliver on our singular goal - which is to put students' interest first and foremost. She promotes a community at Bansal Learning that appreciates the value of each student, their families and challenges our teachers to foster a learning environment where every student feels welcome. The teaching methods that she has developed over the decades are our guiding principles to maximize the output from every student. Dr Gupta maintains a very accommodating "open doors" policy at our institute and welcomes interaction with parents and students at all times. Dr Gupta has over 30 years of experience as an educator and administrator and holds a doctorate degree

Our Vision

Our ambition is to nurture enterprising and passionate future leaders, well-rounded in their academic and intuitive strengths, with an aspiring outlook in their career.

Our Mission

We aim to be the preferred education partner and destination for Engineering & Medical aspirants - by providing equal opportunity to every student to leverage the best resources of the country under one roof in commencing their academic career.

Our **Success** Mantra

ALL ROUND DEVELOPMENT

Focus on Academic excellence, along with Moral Education, Communication skill developments, Mental & Physical fitness through Yoga & Meditation.

INDIVIDUAL ATTENTION

Expert, but easy teaching.
Focus on progress based study.

BEST FACULTY & MENTORS

Importing the best minds & faculty from **KOTA**.

RESOURCE DRIVEN

Academic material, test series, learning plan, and methodology from education capital **KOTA**.

RESULT ORIENTED

Professionally planned and exam driven academic calendar.

Bansal

METHODOLOGY?

RESEARCH & EXPERIENCE BACKED STUDY MATERIAL

- Ideal sequencing of topics.
- Optimal duration, pace and depth of topics.
- Effective classroom illustrations and questions.
- Right sequencing of self-study work.
- Static + Dynamic Study Material.
- Reinforcing of topics at periodic intervals.

DAILY PRACTICE SEQUENCING OF TOPICS

- Ideal sequencing of topics.
- Daily problem solving to revise topics, concepts, application and periodic learning.
- Combination of current +previous topics to fortify learning.

TEST SERIES

- Regular, periodic tests inclusive of current previous lectures – for test taking, time-management and pattern practice & revision.
- Coaching curriculum compatible with latest exam trends pattern.

ACADEMIC PLANNING & MONITORING

- Time-balanced academic calendar that accommodates study, revision, Tests continual practice.
- Regular reviewing and feedback to address students' specific issues.

PERIODIC MENTORSHIP

- Sessions with Top Faculty and industry experts on various topics.

IIT - JEE MAIN & ADVANCED

Candidates seeking admission into technical institutions like National Institute of Technology (NIT), Indian Institute of Technology (IIT) and reputed tech institutions across the country have to appear for Joint Entrance Examination (JEE).

MAIN

Admission to the National Institute of Technology (NITs), Indian Institutes of Technology (IITs), and some other colleges designated as "centrally funded technical institutes" (CFTIs).

ADVANCED

Admission to the Indian Institutes of Technology (IITs). Only the students selected in JEE Mains are eligible for appearing in JEE Advanced. It is used as the sole admission test by the 23 Indian Institutes of Technology (IITs).

NEET

National Eligibility Cum Entrance Test (NEET) is a national level single medical entrance exam conducted by National Testing Agency (NTA). Eligible candidates can apply for MBBS and BDS admissions. It is held for providing admissions in MBBS/BDS courses offered by all government and private medical colleges in India.

Admissions into other Medical Institutes / Colleges

AIIMS

The All India Institutes of Medical Sciences (AIIMS) are a group of autonomous public medical colleges of higher education. Admission to undergraduate Medical courses (MBBS) in AIIMS are done based on NEET score starting Academic Year 2020.

FOUNDATION PROGRAMS ?

Class 6th to 12th (All Subject)

- Identify student's core strength and enable them to pursue their goals in a focused manner.
- Help students to grasp the fundamentals at the early stage, thus make them comfortable to face competitive exams such as **IIT JEE, NEET, BITSAT** and other entrance exams.
- Sharpens student's analytical skills and retention abilities via various techniques and practices.
- Impart the learning techniques and presentation skills required to secure high score in the school exams.
- Develop the attitude to attempt and win.

What are my Skills, Interests & Strength ?

STUDENT

I will Study Science

I will study other subjects

I will Study Engineering / Medicine

I will go for some other profession

Which subject interests me more
Biology or Mathematics ?

I like Biology and am Interested in Human Anatomy

I like Mathematics, i also like physics and how things work intrigues me OR I am not sure but options are still wide and open if i choose Engineering

I Choose Medicine

I Choose Engineering

I will start in 8th std

I will start in 9th std

I will start in 10th std

I will start in 11th std

How do i prepare ?

Who can Guide me on how to start, which methodology to follow ?

Which Institute Help me most if i face any Difficulty?

Who could give maximum personal attention on coaching ?

Do i get Experienced Faculty ?
